## WELLINGTON ACE ROWING HEATS

Not only did the boys ace the tug of war, but also came third in the 500m U26 male rowing! But to make the Rowing event even more of a spine chilling experience – the boys were rowing so well that they were beating the previously unbeaten Kingborough Rover Crew for three-quarters of the race! WELL-DONE BOYS!

And the girls couldn't be shown up either. Competing in all rowing U26 female events, it was decided that the 4 Welly and 2 Weindorfer girls would put in their all for the U26 500m rowing event to try and beat the Kingborough Girls 'Elite team'. WHAT A RACE – The girls bet the Elite team by an entire boat length. Fantastic effort girls! Big thanks to Pauly Miller (from Kingborough) for coxing.

## WELLINGTON ACE GREASY POLE HEATS

And who could forget the U26 female greasy pole. After deciding it was too cold to compete the girls decided to 'rock-paper-scissors' for the winner – to which Wellington then came third! Another great victory!

## ACCIDENTS WILL HAPPEN!

Wellington also had another first at the regatta: first injury. Nick "Grug" Tyson was doing a carving in wood when the knife slipped and he cut his finger – so it was off to first aid. First aid then advised it would need stitches so Bec and Tom took him off to the Royal Hobart Hospital for treatment. Over four hours later, Grug left Emergency with sutures on the wound. Tuesday Grug returned to uni, only to put a chisel through the same finger...

## WELLINGTON NAMED BEST TUGGERS AND WE'VE GOT THE TROPHY TO PROVE IT!

Yes! We have made it... We have proven ourselves to be the best tuggers. The Wellington Boys proved this at the 2003 Regatta by winning ALL of their tug of war heats and winning Wellington a trophy!

Said Supergrover Aaron B Brimfield "We've never even won a heat, let alone the whole thing!"

However not all Welly Rovers were happy with the victory. Mr Leitch reportedly sending bitter text messages saying "Winning is for losers!"

The trophy will take prized position in the Den for 2003. Wellington has never won a trophy at a regatta – although we did win this trophy in a previous life as Hobart District Rover Crew in 1991.

This is a fantastic moment for Wellington and we are all very proud.

## BRON AND THE PUMP

3am in the morning and Alyssa has a rest from the bonking only to hear a recognisable see-saw sound. After realising it wasn't her and Tom (NARC) and determined to know who was making the bonking sound yells out to Wilson only to get no response. Needless to say, she felt a bit silly in the morning when she found out that it was actually Bron and her personal vibrating double action lilo pump!

## WELLY DOCTOR

### WORDS FROM THE CHAIR THAT IS NO MORE...

Guys - I had a fantastic Regatta! Mainly because I was in the Venturer Campsite and didn't have to worry about anything! I didn't have to worry about anything because the Crew was in very capable hands!

I have never been so proud of the Crew as I was on the weekend. We won a trophy, we beat the KRC girls at their own game and nearly beat the KRC boys! WOW! Who is this Rover Crew? Where did it come from? I'll tell you where it came from - it came from all of you! We couldn't have won the tug of war with out the passion that the guys showed whilst tugging, and the rest of us showed when we were cheering. Someone asked me after if we had trained, because we had pulled beyond our strength! How funny is that! Everyone knows that Wellington don't **need** to train! ☺ The Welly girls had never been in a boat together until that race - and those that had been in a boat before hadn't been in one since the last Regatta! How tough are we???

I've said it so many times recently, but I still don't think that it's getting through to you all - I'm so happy with the Crew! You guys are fun, loyal and reliable - but most importantly you're all good mates! This Rover Crew had a bad reputation as being slack and disorganised. Well - I hope that everyone saw what I saw at the Regatta: a fine Rover Crew! A Rover crew that knows what it's doing and has a lot of fun doing it! I know of a couple of Venturers that saw what I saw!

This is my last Welly News as Crew Chairman and I wanted to take the time to say thank you. I've had so much fun!

Dear Welly Doctor

I recently attended a large Scouting event at Snug, and must admit though I was looking forward to it, I had a miserable time. I spent more time in hospital, in bed vomiting, and at home, than participating in all the fun events that were planned. I think I may be cursed. I never do anything that could cause personal harm, such as: I never use sharp implements while I am tired or drunk; I never drink too much; I always maintain enough food and water in my body to ensure I am never dehydrated enough to get a migraine; and I always ensure if I feel ill, I remove myself from the company of others, so that they do not feel ill also. Do you know any curses that could cause me such pain, and if yes, what is the spell that will get rid of the curse. I promise to do anything you suggest to rid myself of the pain I find myself in.

Yours in pain  
Drugged-Up Grug

Dear Drugged-Up Grug

I admit I have never come across such a curse before. Yours situation sounds very intriguing though, and somewhat similar to something I have come across before. I like to call it "not knowing when to stop", though others use terms such as "can't handle your alcohol", "mixing your drinks", and "liquid courage". I suggest (and trust you will follow these directions as you have promised) always nominating yourself as 'Designated Driver' so you are not tempted to drink, and if you are not driving. Also, always limit yourself to no more drinks than there are fingers on one hand (and if you drink more than this, you may think you actually have many fingers more than you really do - do not be deceived - you never grow fingers (though can chop them off I hear!)). Good luck.
